Subject: Comments

Hello,

I am sorry I missed this meeting, it sounds interesting. I would love to help with comments and attend a meeting where safe bicycling/ planning is concerned in the future. I am an active cyclist (a cascade bicycle member for years) and I am promoting bicycling in my neighborhood for every errand with in 4 miles of home (and beyond;) in Seattle. It is getting better but there are improvements needed on our streets, esp in Beacon Hill area! There are many unsafe intersections and speeding traffic. Many Thanks for including me. Hope the meeting went well.

Cheers,
Cyndi C.
